TSPU Russian Language Programs

## «Tomsk State Pedagogical University» TSPU

В Томском государственном педагогическом университете работает ежегодная **Школа русского языка и культуры**. Весной мы принимаем в гости студентов из японских университетов, летом слушателей из Франции, осенью студентов, магистрантов и аспирантов из Польши, а течение всего года обучаем русскому языку абитуриентов и студентов из Китая, Монголии и Таджикистана.

В рамках коротких языковых курсов (80 - 120 учебных часов в течение 3-4 недель) слушатели интенсивно изучают русский язык и знакомятся с русской культурой на семинарах и мастер-классах.

Проживание слушателей языковых курсов возможно как в гостиницах города, так и в гостиничных номерах студенческих общежитий ТГПУ.

По окончании курсов слушатели проходят итоговое тестирование по русскому языку как иностранному и получают сертификат об окончании Школы русского языка.

Tomsk State Pedagogical University suggests **Russian Culture and Language Immersion Program** for international students. Within a short language course (3-4 weeks and 80 to 100 academic hours) students intensively study the Russian language and get acquainted with the Russian culture, go through multiple cultural and language workshops. Upon the completion of the program students take their final exam and awarded with the TSPU Certificate issued by the TSPU Russian Language School.

Students of the language courses can stay in comfortable rooms of our dormitory. There are several options to get here. You can fly to Moscow and then to Tomsk, or you can choose to fly to Tolmachevo (Novosibirsk), located near Tomsk and then get here by bus in a four hours trip.

Welcome all!

### Program includes:

- Russian as a foreign language academic programs (72-400 hours)
- Birch tree bark workshop (2-4 hours)
